1914-1919

November 24, 1914.

Mr. H. E. Morey
39 Washington Street,
Boston, Mass.

My dear Mr. Morey:-

I am returning 39 bills out of the 101. Consequently I am keeping 66 bills at five cents each and 3 at fifteen cents each, making a total of $3.75. In the course of a day or so I will send you a check for the amount. The reason for the delay is that we have to have the Treasurer, who is out of town, sign the check.

As you note we have kept a fair amount of these bills. If you are so inclined, you might send whatever other paper money, Confederate or Broken Bank bills that you have as I might be able to pick out some items from them. If I remember rightly, you had one or two other notes of Frankfort Kentucky, I have here a one dollar and a five dollar, possibly you you have other denominations.

Very truly yours,

Herbert E. Morey

Friend Ford

I am sending you a small Portuguese gold piece which is countersunk. Can you tell me if it is for a colony or only a private counter stamp. If it is a colony which one?

It must go in the May sale & I am undecided how to describe it.

I suppose Spring is opening up bright & cheerful in N.Y. I have been in my garden mornings since the 10th, getting it ready for the seed.

Business has been good & I am happy at having something to do. Just received a collection of 1300 foreign copper & silver for May sale

Yours Truly

H. E. Morey over

The same party has a fine McDermott pattern taken St John N.B. that he will sell for $20.
Bieber quotes at $25. Can you help him?
He has had it 20 years or more

April 23, 1915.

Mr. H. E. Morey
39 Washington St.,
Boston, Mass.

Dear Mr. Morey:-

I am sorry to say that I cannot attribute the counter-stamp on the small gold coin you sent me. It is for the West Indies but what island, remain a mystery. You will note the piece has been plugged and the T S stamp is simply to show that some one was responsible for the authenticity of the plug.

As I am interested in all of these pieces I would like to bid on it, so be sure that I get one of your catalogues for the May sale.

It is quite warm here in New York and Spring is opening up in great shape.

I don't know where I can place the Mc Dermott farthing. At different times I have had two specimens which if I remember rightly I sold for around $20.00 each.

I am glad to know that business is good and I trust that you will have a good sale.

Very truly yours.

Mr. Howland Wood

Dear Sir

I received your Coinage of W. Indies & Son Marque & have read it with much interest & accept my sincere thanks for the same.

I sold your townsman W. C. Comstock a lot of Canadians the other day which included 3 dif. Blacksmiths one of which was new to me. When you are in Brookline call on him. He has a large varied collection. I have sold him something nearly every week for 15 years. His address is 54 Dudley St.

Wishing you & yours good health & prosperity

I am sincerely yours

H. E. Morey

Mr. Howland Wood

Dear Sir

I have been given a box of Chinese coins to put in my next Sale. They came out of Trowbridges Collection. Did you have a chance to buy any of his collection? I have bought so far over 10000 pieces which have been sold almost as fast as I received them. If I could guarantee these genuine I could sell them at once but I am no Chinese expert & must sell them "as is"

I shall not catalogue them until after the 4th & if you care to see them I will be glad to show them to you. They are all shape pieces one very large circular over 8 inches in dia.

Yours Truly

H. E. Morey
